Bachelor of Science in Computing Major: Information Technology (Networking) Academic Year 2022/2023

Student's Name:

Student's ID #:

Start Date:

Academic Advisor:

Check the student portal to identify your academic advisor.

To be awarded the BSc in Computing Degree, students must complete 125 credits, including all core all modules and the required number of electives.

Seek support from your Academic Adviser in making your academic decisions. Ensure to meet with him/her at least once per semester. Get to know the Programme Leader for your year group, as they can perform further assistance on matters in which your Academic Adviser is unable to handle.
